PROGRAM PURPOSE – To pay expenditures for a child who meets the eligibility criteria for IV-E and who is placed in FFC.

COSTAR REPORTING – Reported client is generally the child. Count client in each entitlement code for which they receive services.

KEY PROGRAM OR ELIGIBILITY REQUIREMENTS – The service worker (case manager) is responsible for referring the child to the Regional Revenue Maximization Center to determine eligibility. Accounting must be notified of eligibility determination.

PAYMENT REQUIREMENTS:

A Form 526 (DFCS Foster Care Invoice) which includes the custody county name, child’s legal name, foster home name and address, and boarding county name must be completed, signed and dated by the Foster Parent for reimbursement of family foster care per diem and other expenses. Original receipts must be attached for reimbursement of clothing, supplemental supervision, medical costs and other incidentals.

County Directors may elect to have their Foster Care invoices submitted via one of the three options below.

- The Foster Parents will submit all foster care invoices to their DFCS County Office to be signed and dated by a county approving authority before they are provided to Region Accounting for processing.
- The Foster Parents will be allowed to submit their foster care invoices directly to Region Accounting for processing. The county’s foster care policy must include a statement that Region Accounting is authorized to process payment for county expenditures within the limits contained in the policy. Any invoice that includes a request outside of the limits of the foster care policy will be forwarded back to the appropriate DFCS office for approval before the payment will be processed.
- The Foster Parents will be allowed to submit their foster care invoices for per diem ONLY directly to Region Accounting for processing. The Foster Parents would be required to complete a separate foster care invoice for clothing, supplemental supervision, medical costs and other expenditures to their DFCS office for approval before the payment will be processed.

A form 529 must be in the Accounting Department before payment can be made unless SHINES is updated with the appropriate and accurate information.

UAS 501 (cont)

Effective April 1, 2005, when a child moves from one home to another, the per diem will be paid only to the foster parent at the home where the child spent the night.

EXCEPTIONS: 1) Both the primary foster parent and the respite care provider will receive a per diem payment while the child is in respite care. 2) With concurrent per diem, both the primary and the temporary providers are paid the per diem for the nights the child is with the temporary providers.

Effective July 1, 2006, a Sibling Incentive for each sibling in an approved DFCS Foster Home or a DFCS relative foster home will be paid in addition to the per diem. The sibling groups have to be groups of three or more siblings. The siblings have to be in DFCS custody to be eligible for the Sibling Incentive. (If a relative caregiver obtains legal custody of a sibling, the sibling incentive stops the following month.)

The SSCM will complete the Form 527 (Initial Authorization of Foster Care) for each child at initial placement and will add "Sib-1" to initiate payment. For siblings already in foster care, the SSCM will complete a Form 529 (Authorization of Foster Care Status Change/Termination) and add for 'Change Authorized Foster Care Per Diem Rate to "Sib-1". Restricted Funds are not used for the sibling incentives.

The Sibling Incentive continues as long as the siblings remain together; at least three or more siblings remain in the same DFCS regular foster home or relative foster home; or the sibling group achieves permanency. **Effective July 1, 2016, the foster home is paid for the days the sibling group is in their home.**

Form 527 (Initial Authorization of Foster Care) or Form 529 (Authorization of Foster Care Change/Termination) (or current information on IDS Placement Center for pilot regions) must be in the accounting department before payment to Foster Parent is made.

Special Per Diem must be confirmed in writing by the DFCS County Director and must contain the child's name, date of birth, amount approved, effective date, time frames for approval and description of the child's condition (justification). A copy of the authorization is provided to the accounting department.

UAS 501 (cont)

Supplemental Supervision – Rates must be consistent with the CAPS established rates. Only children in the custody of DFCS are eligible for supplemental supervision (In the case that the worker cannot negotiate with the regulated child care provider to reduce their rate to the DFCS’ maximum reimbursement rate, the provider’s actual rate must be reimbursed. However, informal providers will be reimbursed at the DFCS rate only. (CAPS, Appendix K, pg 8).) Case managers should complete a statement that reflects that the child is not eligible for child care under CAPS policy and send a copy to the Accounting office. If the DFCS foster parent or relative caregiver does not meet CAPS eligibility requirements, a waiver is required from the Deputy Director of Policy and Programs.

NOTE: Direct payment for clothing to local stores where “charge accounts” are set up is not permitted when federal/state funds are being used. IF needed, foster parents and relative caregivers are allowed to request an advance for clothing.

NOTE: Concurrent per diem payments for children classified for IV-E funding, now require that the “temporary” placement home be paid from IV-B funding while the primary placement home/facility receives IV-E during the absence of a child. Although both the primary and temporary placements will be paid for the night the child leaves to go to the temporary placement, only one IV-E payment may be made on behalf of the child on a single day.

NOTE: NOTE: Immigration/Legalization Cost can only be paid from Children’s Restricted Funds or Restricted Donation Funds designated as appropriate for this type expense. Per our legal department, neither Federal, State, nor County funds can be used to pay these costs.

Note: This includes short-term emergency care for up to seven days. Services may continue for up to 6 months under this UAS Program Code. * However, if the child is determined eligible for IV-E, he/she should be moved to the appropriate IV-E UAS Program Code as soon as possible. Otherwise, at the end of 6 months, the child should be moved to the appropriate IV-B UAS Program Code.

***The child is reported as Initial FFC for 6 calendar months from the time he/she enters care. For example, if the child enters care in April 2006, he/she would be reported as Initial FFC THROUGH September 2006. If the child returns home in May 2006 and comes back into foster care in July 2006, the child would be reported as initial FFC THROUGH September as long as legal custody had not been returned to the parent. The child is changed to IV-B funding on October 1, 2006. If legal custody is returned to the parent and the child again enters care, then the 6-month period starts all over. Of course, if IV-E eligibility is determined, then the child is immediately changed to IV-E.**

COSTAR REPORTING – Reported client is generally the child. Count client in each entitlement code for which he/she receives services.

KEY PROGRAM OR ELIGIBILITY REQUIREMENTS – Initial services may continue for up to six months under this UAS Program Code. *However, if the child is determined eligible for IV-E, he/she should be moved to the appropriate IV-E UAS program code as soon as possible. Otherwise, at the end of the six months, the child should be moved to the appropriate IV-B UAS program code. Benefits/services charged must meet programmatic guidelines (See Foster Care Manual).

The child is reported as Initial FFC for six calendar months from the time he/she enters care.

1. For example, if the child enters care in April 2007, he/she would be reported as Initial FFC through September 2007.
2. If the child returns home in may 2007 and comes back into foster care in July 2007, the child would be reported as Initial FFC through September as long as legal custody had not been returned to the parent.
3. If legal custody is returned to the parent and the child again enters care, then the six month period starts over.
4. If the child enters care in April 2007, and is determined to be IVB eligible, IVB funding would begin October 1st, 2007.
5. If the child is determined to be IVE eligible, the child would not remain in initial for the full six months but would be changed to IVE based on the Rev Max effective dates. This will more than likely require a rerate.

PROGRAM NAME – Foster Care Respite Care

REFERENCES: Foster Care Services Manual

PROGRAM PURPOSE:

Respite Care:

- A. Respite for family foster care providers designed to provide the caregiver a needed break from parenting for the purposes of vacation, hospitalization or any other reason that they would be unable to care for the child in their home.
- B. The County Director and/or designee must approve all respite care services and providers.
- C. Only children in DFCS approved foster homes and Private Agency foster homes are eligible for this service.
- D. The service is limited to 10 **days** per foster home within a fiscal year to be paid at the child’s current per diem rate.

NOTE: The local county DFCS Director cannot authorize additional respite days for a foster parent beyond the 10 days limit. However, they can request a state office waiver to approve respite over 10 days which would be paid with state funds.

COSTAR REPORTING

The reported client is the child. Respite care is paid to the permanent foster home provider using the child’s regular program code. Program 520 is used to pay the temporary foster home.

KEY PROGRAM OR ELIGIBILITY REQUIREMENT:

A waiver is required from the Foster Care Services Director for approval to place a child in a DFCS or CPA approved foster home into respite at a CCI. The county director/designee may approve a DFCS or CPA placed child to receive respite from either a DFCS or CPA approved foster home.

UAS CODE 520 (continued)**Respite Care**

Approved DFCS or private Foster Homes for a maximum of 10 days within a fiscal year (Private-defined as licensed/DFCS approved homes as listed in the Foster Care Manual) (10 consecutive days are not required). Foster homes must comply with the Minimum Standards for DFCS foster homes. Children who are in approved DFCS or Private Foster Homes are eligible for service.

Respite Care services will be **paid at the child's current per diem rate not to exceed 10 days in a fiscal year.**

PAYMENT REQUIREMENT

A Form 526 (DFCS Foster Care Invoice) which includes the custody county name, child's legal name, foster home name and address, and boarding county name must be completed, signed and dated by the Foster Parent for reimbursement of family foster care per diem and other expenses. Original receipts must be attached for reimbursement of clothing, supplemental supervision, medical costs and other incidentals.

County Directors may elect to have their Foster Care invoices submitted via one of the three options below.

- The Foster Parents will submit all foster care invoices to their DFCS County Office to be signed and dated by a county approving authority before they are provided to Region Accounting for processing.
- The Foster Parents will be allowed to submit their foster care invoices directly to Region Accounting for processing. The county's foster care policy must include a statement that Region Accounting is authorized to process payment for county expenditures within the limits contained in the policy. Any invoice that includes a request outside of the limits of the foster care policy will be forwarded back to the appropriate DFCS office for approval before the payment will be processed.
- The Foster Parents will be allowed to submit their foster care invoices for per diem ONLY directly to Region Accounting for processing. The Foster Parents would be required to complete a separate foster care invoice for clothing, supplemental supervision, medical costs and other expenditures to their DFCS office for approval before the payment will be processed.

Effective April 1, 2005, the "head in the bed" rule, meaning the provider only gets reimbursed for the day that the child actually spends the night in the home.

(Training for Foster Parents falls under concurrent per diem, not respite care.)

Respite Care starts with the first day the child leaves the permanent foster home. The permanent foster home will receive the regular foster care per diem and the temporary home will receive the respite care per diem (520) during the respite care. The temporary home will not receive the respite care per diem for the night the child returns to the permanent foster home.

UAS CODE 520 (continued)

Example: Child leaves permanent foster home on Monday for 4 days. Regular per diem (using the child’s regular program code) is paid for the entire month (number of days child was in home). Respite per diem (520) starts the first night the child stays in the temporary home. Because the child did not sleep at the permanent foster home, this is the first day of respite care for the foster parents. Foster parents return home on Friday and pick up child. The respite care program (520) is for 4 days (Monday through Thursday) and is paid to the temporary home. Child sleeps in permanent foster home Friday night, so the per diem is the regular per diem.

Placement Page must be updated in SHINES before payment to Foster Parent is made. SHINES should clearly state “RESPITE CARE” when child goes to respite care, and “END RESPITE CARE” when leaving respite care.

Refer to the Field Fiscal Services Website, Foster Care Policy Section under Manuals, Financial Part 2 for additional requirements and guidelines.

KEY PROGRAM OR ELIGIBILITY REQUIREMENTS - The service worker (case manager) is responsible for referring the child to the Regional Revenue Maximization Center to determine eligibility. Accounting must be notified of eligibility determination

UAS 529 (cont)

A form 529 must be in the Accounting Department before payment can be made unless SHINES is updated with the appropriate and accurate information.

Refer to the Field Fiscal Services Website, Foster Care Policy Section under Manuals, Financial Part 2 for additional requirements and guidelines.

When a child moves from one home to another, the per diem will be paid only to the foster parent at the home where the child spent the night. EXCEPTIONS: 1) Both the primary foster parent and the respite care provider will receive a per diem payment while the child is in respite care. 2) With concurrent per diem, both the primary and the temporary providers are paid the per diem for the nights the child is with the temporary providers.

Sibling Incentives: Effective July 1, 2006, a Sibling Incentive for each sibling in an approved DFCS Foster Home or a DFCS relative foster home will be paid in addition to the per diem. The sibling groups have to be groups of three or more siblings. The siblings have to be in DFCS custody to be eligible for the Sibling Incentive. (If a relative caregiver obtains legal custody of a sibling, the sibling incentive stops the following month.)

The SSCM will complete the Form 527 (Initial Authorization of Foster Care) for each child at initial placement and will add “Sib-1” to initiate payment. For siblings already in foster care, the SSCM will complete a Form 529 (Authorization of Foster Care Status Change/Termination) and add for ‘Change Authorized Foster Care Per Diem Rate to “Sib-1”. Restricted Funds are not used for the sibling incentives.

The Sibling Incentive continues as long as the siblings remain together; at least three or more siblings remain in the same DFCS regular foster home or relative foster home; or the sibling group achieves permanency. Effective July 1, 2016, the foster home is paid for the days the sibling group is in their home.

Form 527 (Initial Authorization of Foster Care) or Form 529 (Authorization of Foster Care Change/Termination) (or current information on IDS Placement Center for pilot regions) must be in the accounting department before payment to Foster Parent is made.

Supplemental Supervision – Rates must be consistent with the CAPS established rates. Only children in the custody of DFCS are eligible for supplemental supervision (In the case that the worker cannot negotiate with the regulated child care provider to reduce their rate to the DFCS’ maximum reimbursement rate, the provider’s actual rate must be reimbursed. However, informal providers will be reimbursed at the DFCS rate only. (CAPS, Appendix K, pg 8).) Case managers should complete a statement that reflects that the child is not eligible for child care under CAPS policy and send a copy to the Accounting office. If the DFCS foster parent or relative caregiver does not meet CAPS eligibility requirements, a waiver is required from the Deputy Director of Policy and Programs.

NOTE: Direct payment for clothing to local stores where “charge accounts” are set up is not permitted when federal/state funds are being used.

UAS CODE 529 (continued)

NOTE: NOTE: Immigration/Legalization Cost can only be paid from Children’s Restricted Funds or Restricted Donation Funds designated as appropriate for this type expense. Per our legal department, neither Federal, State, nor County funds can be used to pay these costs.

PROGRAM NAME – Emergency Foster Care Beds

REFERENCES: Foster Care Services Manual: Fiscal, 1016.17

PROGRAM PURPOSE – This program is to establish emergency placement beds to be used to place children entering foster care in emergency situations. These emergency beds should be established in areas across the state where there are no emergency shelters. This program will allow counties who do not have emergency shelters to pay for foster families and child caring institutions to develop and hold empty beds in anticipation of children coming in and needing emergency placements.

COSTAR REPORTING - The reported client is the child.

KEY PROGRAM OR ELIGIBILITY REQUIREMENT – This program is available in counties across the State without emergency shelters. The DHR Office of Planning and Budget (OPB) is to be notified when an emergency placement bed is located to ensure funds are still available. The funds for this program are limited. Therefore, only limited number of emergency beds can be approved. The DHR OPB will maintain a count and location of the beds for budgetary controls. The county Department will notify the DHR OPB budget analyst for their county before finalizing plans for emergency beds to ensure funds are available and the beds are within the authorized number. When a child is placed in a vacant bed, OPB should be notified by the County Department indicating the name of the child placed and the county. These emergency placement beds will be approved by the County Director (after determining funds are available) and will be supervised by the County Director or Supervisor. Counties with approval for these emergency beds must develop procedures to ensure that the beds are maintained in the facility for emergency placement of children entering foster care. Family Foster Homes and Institutions must meet all of the standards for approved placement homes or institutions. See rates below. Once a child is placed, the payment rate changes to the regularly approved rate for family foster care or institutional foster care.

PAYMENT REQUIREMENT: Case Manager obtains approval from a Budget Analyst that funds are available to designate emergency beds in the county. Case Manager will receive written confirmation of approved emergency beds of foster homes or institution and the effective date of approval. The confirmation is sent to accounting along with provider’s invoice for the cost of holding an emergency bed space(s).

A copy of the authorization is provided to the accounting department.

Supplemental Supervision – Rates must be consistent with the CAPS established rates. Only children in the custody of DFCS are eligible for supplemental supervision (In the case that the worker cannot negotiate with the regulated child care provider to reduce their rate to the DFCS’ maximum reimbursement rate, the provider’s actual rate must be reimbursed. However, informal providers will be reimbursed at the DFCS rate only. (CAPS, Appendix K, pg 8).) Case managers should complete a statement that reflects that the child is not eligible for child care under CAPS policy and send a copy to the Accounting office. If the DFCS foster parent or relative caregiver does not meet CAPS eligibility requirements, a waiver is required from the Deputy Director of Policy and Programs.

NOTE: Concurrent per diem payments for children classified for IV-E funding, now require that the “temporary” placement home be paid from IV-B funding while the primary placement home/facility receives IV-E during the absence of a child. Only one IV-E payment may be made on behalf of the child on a single day.

UAS CODE 560 (continued)

NOTE: NOTE: Immigration/Legalization Cost can only be paid from Children’s Restricted Funds or Restricted Donation Funds designated as appropriate for this type expense. Per our legal department, neither Federal, State, nor County funds can be used to pay these costs.

- The Foster Parents will be allowed to submit their foster care invoices directly to Region Accounting for processing. The county's foster care policy must include a statement that Region Accounting is authorized to process payment for county expenditures within the limits contained in the policy. REFERENCES: Foster Care Services Manual: Fiscal, Section 1016.13, 1016.14, 1016.27, 1016.30, 1016.41

PROGRAM PURPOSE – To charge expenditures for a child who is not eligible for IV-E who is placed in DFCS Family Foster Care and who requires a **State Office** special written waiver for per diem (per diem above the basic state rate and above the \$1.75 more which can be authorized by the County Director).

COSTAR REPORTING – Reported client is generally the child. Count client in each entitlement code for which he/she receives services.

KEY PROGRAM OR ELIGIBILITY REQUIREMENTS – The service worker (case worker) is responsible for referring the child to the Regional Revenue Maximization Center to determine eligibility. Accounting must be notified of eligibility determination.

PAYMENT REQUIREMENTS

A Form 526 (DFCS Foster Care Invoice) which includes the custody county name, child's legal name, foster home name and address, and boarding county name must be completed, signed and dated by the Foster Parent for reimbursement of family foster care per diem and other expenses. Original receipts must be attached for reimbursement of clothing, supplemental supervision, medical costs and other incidentals.

Note: Use Program 576 for Unusual Medical (10a) and Restraint Devices (11)

County Directors may elect to have their Foster Care invoices submitted via one of the three options below.

- The Foster Parents will submit all foster care invoices to their DFCS County Office to be signed and dated by a county approving authority before they are provided to Region Accounting for processing.
- The Foster Parents will be allowed to submit their foster care invoices directly to Region Accounting for processing. The county's foster care policy must include a statement that Region Accounting is authorized to process payment for county expenditures within the limits contained in the policy. Any invoice that includes a request outside of the limits of the foster care policy will be forwarded back to the appropriate DFCS office for approval before the payment will be processed.
- The Foster Parents will be allowed to submit their foster care invoices for per diem **ONLY** directly to Region Accounting for processing. The Foster Parents would be required to complete a separate foster care invoice for clothing, supplemental supervision, medical costs and other expenditures to their DFCS office for approval before the payment will be processed.

UAS 577 (cont)

Special Per Diem must be confirmed in writing by the DFCS County Director and must contain the child's name, date of birth, amount approved, effective date, time frames for approval and description of the child's condition (justification). A copy of the authorization is provided to the accounting department.

A form 529 must be in the Accounting Department before payment can be made unless SHINES is updated with the appropriate and accurate information.

Refer to the Field Fiscal Services Website, Foster Care Policy Section under Manuals, Financial Part 2 for additional requirements and guidelines.

Note: If a child/youth is in a RBWO placement and visits overnight with siblings placed in a DFCS foster home, a basic level per diem may be paid to the DFCS foster home using concurrent per diem.

Supplemental Supervision – Rates must be consistent with the CAPS established rates. Only children in the custody of DFCS are eligible for supplemental supervision (In the case that the worker cannot negotiate with the regulated child care provider to reduce their rate to the DFCS' maximum reimbursement rate, the provider's actual rate must be reimbursed. However, informal providers will

be reimbursed at the DFCS rate only. (CAPS, Appendix K, pg 8.) Case managers should complete a statement that reflects that the child is not eligible for child care under CAPS policy and send a copy to the Accounting office. If the DFCS foster parent or relative caregiver does not meet CAPS eligibility requirements, a waiver is required from the Deputy Director of Policy and Programs.

Effective July 1, 2006, a Sibling Incentive for each sibling in an approved DFCS Foster Home or a DFCS relative foster home will be paid in addition to the per diem. The sibling groups have to be groups of three or more siblings. The siblings have to be in DFCS custody to be eligible for the Sibling Incentive. (If a relative caregiver obtains legal custody of a sibling, the sibling incentive stops the following month.)

The SSCM will complete the Form 527 (Initial Authorization of Foster Care) for each child at initial placement and will add "Sib-1" to initiate payment. For siblings already in foster care, the SSCM will complete a Form 529 (Authorization of Foster Care Status Change/Termination) and add for 'Change Authorized Foster Care Per Diem Rate to "Sib-1". Restricted Funds are not used for the sibling incentives.

The Sibling Incentive continues as long as the siblings remain together; at least three or more siblings remain in the same DFCS regular foster home or relative foster home; or the sibling group achieves permanency. **Effective July 1, 2016, the foster home is paid for the days the sibling group is in their home.**

NOTE: NOTE: Immigration/Legalization Cost can only be paid from Children's Restricted Funds or Restricted Donation Funds designated as appropriate for this type expense. Per our legal department, neither Federal, State, nor County funds can be used to pay these costs.

PROGRAM NAME - Initial Specialized Foster Care State Approved Per Diem Waiver

REFERENCES: Foster Care Services Manual: Fiscal, 1016.13, 1016.14, 1016.27, 1016.31, 1016.41

PROGRAM PURPOSE – To charge expenditures when a child is first placed in SFC and who requires a State Office written waiver for per diem (per diem above the basic state rate and above the \$1.75 more which can be authorized by the County Director). Note: This includes short-term emergency care for up to seven days.

KEY PROGRAM OR ELIGIBILITY REQUIREMENTS – Benefits/services charged must meet programmatic guidelines (See Foster Care Manual)

Services may continue for up to 6 months under this UAS Program Code. * However, if the child is determined eligible for IV-E, he/she should be moved to the appropriate IV-E UAS Program as soon as possible. Otherwise, at the end of 6 months, the child should be moved to the appropriate IV-B UAS Program Code.

The child is reported as Initial FFC for six calendar months from the time he/she enters care.

6. For example, if the child enters care in April 2007, he/she would be reported as Initial FFC through September 2007.
7. If the child returns home in May 2007 and comes back into foster care in July 2007, the child would be reported as Initial FFC through September as long as legal custody had not been returned to the parent.
8. If legal custody is returned to the parent and the child again enters care, then the six month period starts over.
9. If the child enters care in April 2007, and is determined to be IVB eligible, IVB funding would begin October 1st, 2007.
10. If the child is determined to be IVE eligible, the child would not remain in initial for the full six months but would be changed to IVE based on the Rev Max effective dates. This will more than likely require a rerate.

*The child is reported as Initial SFC State Approved Per Diem Waiver for 6 calendar months from the time he/she enters care. For example, if the child enters care in April 2004, he/she would be reported as Initial SFC State Approved Per Diem Waiver THROUGH September 2004. If the child returns home in May 2004 and comes back into care in July 2004, the child would be reported as initial SFC State Approved Per Diem Waiver through September as long as legal custody had not been returned to the parent and as long as the programmatic waiver remained in place. If legal custody is returned to the parent and the child again enters care, then the 6-month period starts all over. Of course, if IV-E eligibility is determined, then the child is immediately changed to IV-E.

COSTAR REPORTING – Reported client is generally the child. Count client in each entitlement code for which he/she receives services.

UAS 579 (cont)**PAYMENT REQUIREMENT**

A Form 526 (DFCS Foster Care Invoice) which includes the custody county name, child's legal name, foster home name and address, and boarding county name must be completed, signed and dated by the Foster Parent for reimbursement of family foster care per diem and other expenses. County Directors may elect to have their Foster Care invoices submitted via one of the three options below.

- The Foster Parents will submit all foster care invoices to their DFCS County Office to be signed and dated by a county approving authority before they are provided to Region Accounting for processing.
- The Foster Parents will be allowed to submit their foster care invoices directly to Region Accounting for processing. The county's foster care policy must include a statement that Region Accounting is authorized to process payment for county expenditures within the limits contained in the policy. Any invoice that includes a request outside of the limits of the foster care policy will be forwarded back to the appropriate DFCS office for approval before the payment will be processed.
- The Foster Parents will be allowed to submit their foster care invoices for per diem ONLY directly to Region Accounting for processing. The Foster Parents would be required to complete a separate foster care invoice for clothing, supplemental supervision, medical costs and other expenditures to their DFCS office for approval before the payment will be processed.

Refer to the Field Fiscal Services Website, Foster Care Policy Section under Manuals, Financial Part 2 for additional requirements and guidelines.

When a child moves from one home to another, the per diem will be paid only to the foster parent at the home where the child spent the night

Supplemental Supervision – Rates must be consistent with the CAPS established rates. Only children in the custody of DFCS are eligible for supplemental supervision (In the case that the worker cannot negotiate with the regulated child care provider to reduce their rate to the DFCS’ maximum reimbursement rate, the provider’s actual rate must be reimbursed. However, informal providers will be reimbursed at the DFCS rate only. (CAPS, Appendix K, pg 8).) Case managers should complete a statement that reflects that the child is not eligible for child care under CAPS policy and send a copy to the Accounting office. If the DFCS foster parent or relative caregiver does not meet CAPS eligibility requirements, a waiver is required from the Deputy Director of Policy and Programs.

For Interstate travel expenses, a copy of “Interstate Travel Waiver” as the county’s authorization to charge the expenses for the child is attached to bills sent to accounting for payment.

NOTE: Direct payment for clothing to local stores where “charge accounts” are set up is not permitted when federal/state funds are being used.

NOTE: Concurrent per diem payments for children classified for IV-E funding, now require that the “temporary” placement home be paid from IV-B funding while the primary placement home/facility receives IV-E during the absence of a child. Only one IV-E payment may be made on behalf of the child on a single day.

Effective July 1, 2006, a Sibling Incentive for each sibling in an approved DFCS Foster Home or a DFCS relative foster home will be paid in addition to the per diem. The sibling groups have to be groups of three or more siblings. The siblings have to be in DFCS custody to be eligible for the Sibling Incentive. (If a relative caregiver obtains legal custody of a sibling, the sibling incentive stops the following month.)

The SSCM will complete the Form 527 (Initial Authorization of Foster Care) for each child at initial placement and will add “Sib-1” to initiate payment. For siblings already in foster care, the SSCM will complete a Form 529 (Authorization of Foster Care Status Change/Termination) and add for ‘Change Authorized Foster Care Per Diem Rate to “Sib-1”. Codes 48h (Emergency Clothing, max \$100 per child) and 48j Child Safety Devices (Child Restraints, max \$200 per child restraints)).
