### **Invoice Submission and Approval Guidelines**

**Prior Year Invoices:** Any invoices, for contracted providers, that are submitted after the payment submission deadline must receive additional approval before payment is made.

The County Director will have to send to their Regional Director for approval, who will decide if appropriate to forward on to their District Director for approval.

**Program Notes:** Service Authorizations for Delivered Services Programs are valid only for the Fiscal Year or Federal Fiscal Year. Field Staff should not do a Service Authorization (SA) beyond June 30<sup>th</sup> or September 30<sup>th</sup> depending on the program. If the services are going to extend beyond the fiscal year or federal fiscal year, once contracts have been awarded and the new contracts are loaded in SHINES, the Case Manager will need to do a new SA to extend the services.

Each month the providers should provide <u>one</u> invoice for each family by service programs. They should complete the state mandated Invoice, the Travel Expense Report, and attach the appropriate, approved SA for the correct billing period to the invoices before submitting them to the DFCS County office for approval.

If a provider is transporting several children in the same car, the mileage can only be claimed one time, even if for different cases.

Regional Accounting is not to process a partial invoice, if part of the invoice is wrong, the entire invoice needs to be returned to the county for correction.

The Standard Operating Procedures that the state issued in February 2016 states that

the provider will have their invoices in to the offices by the 10<sup>th</sup> of the month, and the county is to have them to Regional Accounting by the 20<sup>th</sup>. Regional Accounting has 30 days to turn these invoices around, either back to the county for corrections or processed. It is imperative that the accounting staff continue to process invoices in SHINES for payments while the books are being closed in order to adhere to the 30-day contractual payment agreement. Supervisors will be able to approve the invoices on the 1<sup>st</sup> working day of the month and checks can be processed in SMILE on the 2<sup>nd</sup> working day of the month.

## 109.11 UAS Program: 511 (Contract Required for All Services)

Program Name: Comprehensive Child and Family Assessment (Permanency Cases Only)

CASE MAX Fiscal Year Limit: \$15,000. Waivers will be approved in \$5,000 increments.

1<sup>st</sup> level waiver will be approved by the County Director/SS Administrator or Higher Position

2<sup>nd</sup> level waiver will be approved by the Regional Director or Higher Position 3<sup>rd</sup> level waiver will be approved by the District Director or Higher Position

NOTE: The waiver process is a DFCS internal process. Service providers do not need a copy of the waiver for payment purposes.

References: Child Welfare Policy Manual Chapter 18 Support Services to Preserve or Reunify Families 10.10 CCFA Services

Program Purpose: Comprehensive Child and Family (CCFA) – Code 29: To assist DFCS staff, the juvenile court, families, and providers in developing case plans, making placement decisions, expediting permanency, and planning for effective service intervention. A Comprehensive Child and Family Assessment is required for all children entering care, the family members and collaterals associated with the child. If a child has already had a completed CCFA evaluation within the last 12 months a new, formal CCFA Evaluation is not required. An updated CCFA Evaluation may be required if the child's information has changed within the 12-month period. The case manager will complete the Service Authorization/Referral form. The provider will complete the CCFA. The provider must have a fully executed contract in the current fiscal year to perform these services.

NOTE: A copy of the trauma assessment, EPSDT medical & dental exams should be requested by the case manager as soon as the child comes into care and forwarded to the provider as soon as the case manager receives it from Amerigroup. Upon receipt of a SA the provider will request in writing the case summary, summary of contact narratives, medical/dental exam records, and the trauma assessment from the case manager.

**Costar Reporting:** Reported client may be a child depending on the type of assessment being conducted.

## Payment Requirements:

CCFA approved providers have signed a DFCS contract with the State of Georgia. The provider of service must be credentialed in accordance with the code requirement listed in this manual.

Providers must submit the program invoice by the 10th of each month, a copy of the SHINES generated Service Authorization, the assessment, Travel/Mileage Log (dental & medical appointments only) and case note if the assessment was not completed within the stated timeline to the County DFCS offices. Regional County Contract Liaison's will review and approve for completeness and accuracy, and forward to their designated accounting office.

**Program Purpose:** Wrap Around services are comprehensive home-based mental health treatment and case management services designed to provide critical support to

Permanency or Family preservation with the intent of promoting safe and stable families and/or early reunification.

Wrap around services are used to support children placed in DFCS foster homes, reunited with birth families, or placed with relative caregivers who receive a Relative Support subsidy.

Unless otherwise specified, the duration of aftercare services provision **cannot exceed six (6) months**. Aftercare services must be court-ordered and may be extended up to an additional six (6) months without a waiver.

**COSTAR Reporting:** The reported client is the child.

## Payment Requirements:

WRAP **approved** providers have signed a DFCS wide contract with the state of Georgia. The provider of service must be credentialed in accordance with the code requirement listed in this manual.

Providers must submit the program invoice by the 10th of each month, a copy of the SHINES generated Service Authorization, Travel/Mileage Log, and case documentation to the County DFCS offices. Regional County Contract Liaison's will review and approve for completeness and accuracy, and forward to their designated accounting office. All emergency hoteling and/or placement stability supervision service invoices must be on the stand-alone invoice using only the 518-00 codes.

NOTE: Program 518 maximum spending limit per family, per fiscal year, excludes all costs related to emergency placements hoteling and/or supervision services.

ACCOUNTING NOTE: Payments for hoteling must be made client specific, enter the Number of Days and the beginning to ending dates.

If a DFCS employee stays in a hotel with the child, cost incurred such as hotel, meals, transportation and miscellaneous are to be charged to Program 522.

**COSTAR Reporting for all other entitlement codes in Program 518 -** Count the client in each entitlement code for the services they receive.

#### Crisis Intervention – Code 62

Crisis Intervention is designed to provide an immediate service to stabilize families who are experiencing a disruption or a breakdown in their normal pattern of functioning. Crisis intervention should be used to restore balance and reduce effects of the crisis in the future. This service should be used to assess the immediate situation, identify, and confirm the crisis, and its impact to the individual and/or family.

#### Services should include, but are not limited to:

- Assessing and identifying the crisis
- Listening
- Face to face Counseling
- Development of a plan for problem solving.
- Development of new coping skills
- Brief education/role playing of potential future situations.
- Recommendation of community resources

NOTE This is not used for in-home case management. Services in this area may not exceed 5 consecutive days.

#### In-Home Case Management – Code 71

The purpose is to provide case management assistance to families in completing the defined goals and steps of the Case Plan.

#### Services may include, but are not limited to:

- Coordinating community services
- Advocating for service provisions
- Preparing families for reunification
- Monitoring placements for safety and stability following reunification.
- Basic Behavioral Management for family
- Parenting Education/Skills
- Preparing children for adoption (excluding child life histories)
- Developing and discussing life books
- Basic Methods of Discipline

## In-Home Clinical/Therapeutic and/or Counseling Services – Code 95

The purpose is to provide therapeutic and/or clinical services for a family in preparation of the safe return of a child and/or to maintain and stabilize a child's current placement.

#### Services may include, but are not limited to:

- Drug Treatment and support services for the parent/caregiver and/or child
- Therapy and/or counseling
- Domestic violence counseling
- Anger and Stress management/counseling
- Enhanced Behavior Management for children

#### 109.21 UAS Program 521-Pup (Contract for Certain Services Required)

Program Name: FFC- Prevention of Unnecessary Out-of-Home Placement (PUP) (Family Preservation, Family Support, Investigations, Permanency or Adoptions)

CASE MAX Fiscal Year Limit: \$15,000. Waivers will be approved in \$5,000 increments.

1<sup>st</sup> level waiver will be approved by the County Director/SS Administrator or Higher Position

2<sup>nd</sup> level waiver will be approved by the Regional Director or Higher Position 3<sup>rd</sup> level waiver will be approved by the District Director or Higher Position

NOTE: The waiver process is a DFCS internal process and providers do not need a copy of the waiver for payment purposes.

References: Child Welfare Policy Manual Chapter 18 Support Services to Preserve or Reunify Families 18.3 PUP Services

**Program Purpose:** The goal of PUP services is to reduce risk factors contributing to child maltreatment to ensure the protection and safety of a child. PUP services include, but not limited to emergency housing/financial assistance, temporary childcare services, counseling, emergency transportation needs and psychiatric/psychological testing, drug screens, and substance abuse assessments, domestic violence assessments, sexual abuse assessments, and parental fitness.

They are provided as a support service among others as part of the safety or case plan in an open Family Preservation or Permanency case. Imminent risk of placement or readiness for reunification of the children must be clearly documented in the case record.

#### Speech and Hearing Evaluations (age 4-17 and Adults) - Code 09

To provide an assessment for non-Medicaid eligible and/or private insurance children, birth parents, foster parents, and/or caregivers. Birth parents are eligible when a permanency plan of reunification is the goal or when other permanency plans may need to be selected. Services must be conducted by a certified technician or certified audiologist.

**COSTAR Reporting:** Reported client is the family of a child in imminent risk of placement or a child in foster care that is in readiness for reunification. Count clients in each entitlement code for which they receive services.

**Key Program or Eligibility Requirements:** Services may only be authorized once per fiscal year. In addition:

- Must be an open Family Preservation, Family Support, Investigations, Permanency or Adoption cases. The case Manager documents one of the two conditions:
  - (A) Risk of Imminent Placement
  - (B) Immediate Reunification

# Payment Requirements:

Providers must submit the program invoice by the 10th of each month, a copy of the SHINES generated Service Authorization, Travel/Mileage Log, and case notes (counseling and only for assessments/evaluations not competed within the defined timeline)), drug screening results, evaluations/assessments to the County DFCS offices. Regional County Contract Liaison's will review and approve for completeness and accuracy, and forward to their designated accounting office.

Non-contracted services require the original invoices with receipts. In most cases, PUP

expenditures are made directly to the provider. However, funds may be reimbursed directly to a family if the SSCM has given the client prior approval, receipts must be provided. The County Director or their Supervisory designee authorizes each PUP expenditure.

When paying rent, a letter/invoice with address and telephone number from the company or individual who is renting the location is needed. Paying utilities requires a bill (original only) or a letter from the utility company. Bill is paid <u>directly</u> to the <u>utility company</u>. Deposits for rent or utilities should include a letter notifying payee that the deposit should be returned to DFCS.

#### Prohibited PUP Services:

- Payment of consumer credit debt
- Purchase of trailers or down payment on trailers, trailer lot, or homes
- Legal services for separation, divorce,
- Custody modification or modification of visitation
- Purchase or down payment on vehicles
- Repairs on rental property
- Traffic fines/Court costs
- Ongoing sexual abuse offender counseling for an adult (cost is paid by offender)

**Safety/Enrichment Activities:** Per Foster Care Policy, a child must be 3 years old or older for a family to be reimbursed for swimming lessons. However, if it is determined in the best interest of the child, the caseworker can ask the director for a county level waiver.

Billing: Protocol states, two months cannot be billed on one invoice for accounting

purposes unless it is for behavioral assessments or mental health evaluations.

Example - billing for more than 1 service month- the provider performed services in October and November for PUP services, the invoice is due by the 10<sup>th</sup> of December. Dates of service on the invoice sheet would reflect October and November and the Service month would be the last month of service. November.

**Drug Screening:** Missed Scheduled or Unannounced (random) Appointment Refusal to complete a drug screening test: It is permissible for the provider to charge \$27.50 for a missed or unannounced appointment or refusal in the event the client misses an appointment or client is not home for an unannounced visit or refuses to complete a drug test. Refer to the specific service requirements for details of usage limitations.

**Mileage:** It is permissible for a provider performing counseling services and in-home drug screens to be reimbursed for travel to get to and from their appointment. A specific purpose, start and end address, and license plate number must be listed for all trips.

Criminal Background Checks/Fingerprinting: Cases that require background fingerprint checks for clients not in DFCS custody are paid directly to GBI, if using LIVESCAN. A Purchase Order is required for all client related fingerprint expenditures for Program 521. These charges are not going to be processed in SHINES.

NOTE: If the fingerprinting cost is mandatory and will be reimbursed to the client, then the client should not be asked to provide payment at the time of the screening.

109.532 UAS Code: 532

Program Name: APS Emergency Relocation, Effective 7/1/1999

**Program Purpose:** The APS Emergency Relocation Program is designed to be a resource to aid victims of Adult Abuse, Neglect, or Exploitation (A/N/E) in Georgia. To be eligible for participation in this program, an elderly or disabled adult must be receiving services from the Division of Aging's Adult Protective Services unit and these funds are needed to remedy or prevent abuse, neglect or exploitation.

The purpose of this program is used to remove a client from a dangerous situation that may be temporary or permanent when the client may not be eligible for other available resources and/or who do not have sufficient monies/resources to pay for their own emergency need or care.

Funds from this program can be used to provide, but not limited to, the following necessities.

- Food
- Shelter, Personal Care Homes, Motels/Hotels
- Clothing
- Personal Items
- Medical/Vision/Dental Services
- Prescriptions, medical supplies
- Adaptive equipment for the disabled (limited)
- Transportation and moving expenditures (limited)
- Other possible usages could be for Vermin infestations, but must be medically related, weather radios, minor home repairs that represent a safety risk to the client

 Overdue bills for rent, power bills, gas bill or water bill (payments with ERF cannot exceed 2 consecutive months)

**COSTAR Reporting:** Reported client is the adult. Clients should be counted in every entitlement code for which the client receives services.

**Key Program and Eligibility Requirements:** Client eligibility is determined based on the following criteria:

- Be receiving APS services and who is elderly, disabled (18 or older) and who is the subject of abuse, neglect, or exploitation
- Need relocation/change from dangerous situation for safety or risk reduction
- Client deemed in danger if services are not made available
- Community resources cannot be mobilized in a timely manner or are insufficient to protect the health and safety of the client
- Client does not have necessary resources to purchase needed services or goods

Based on the criteria above, the client may receive up to \$600.00 in benefits if they remain in their current location or \$1,000.00 in benefits if they have to be physically relocated. Approval by an APS supervisor for all benefits up to \$1,000 is required.

Expenditures over \$1,000 up to \$3,000 maximum per 12-month period may be requested by the APS Supervisor for approval by their District Managers.

A waiver for expenditures that will exceed \$3,000.00 for a client may be granted, but must be approved by one of the following, Bryan Hay, APS Field Operations Manager or Barbara Pastirik, APS Section Director.

The office of Public Guardianship (PGO) may also on occasion send request for ERF

funds. If you have any questions, you can contact, Carleton Coleman, Field Operations Manager at 706-565-2680. The invoices may come in from a caseworker and their supervisor but should always have one of the following signing off as the approving authority, Sonya Walker, Deanna Mosley, Angie Tompkins, or Carleton Coleman.

NOTE: The approved waiver should be attached to the check request sent to regional accounting.

These funds are available for 12 months from the time the first ERF payment request is approved.

#### Payment Requirements:

Case Manager should request a Purchase Order as appropriate according to state policy.

APS Case Manager completes the APS Emergency Relocation Fund Approval Form (APS ERF Form #1). APS Case Manager and/or Supervisor should approve the form for processing.

The APS ERF Form is completed per individual request and all original receipts and original invoices must be attached. Payments are **not** to be made to the client or DHS staff, but directly to the vendor.

APS workers will send all payment request/authorization directly to their respective regional accounting office for processing.

109.873 UAS Code: 873 (New January 2005)

Program Name: Promoting Safe and Stable Families (PSSF) Program – Cash Match Family Preservation and Support Services

NOTE: Fiscal year spending period for these federal funds is October 1<sup>st</sup> through September 30<sup>th</sup>. Final expenditures must be paid on or before September 15<sup>th</sup>.

Program Purpose: PSSF Family Preservation services are provided to families that have or have had DFCS involvement because of child abuse or neglect, child or parent behavioral challenges, or serious parent-child conflict. Provision of these services grows out of the recognition that the unnecessary separation of children from their families is traumatic, often leaving lasting negative effects. Families at-risk or in-crisis can be preserved, and children safely maintained in their homes when families receive intensive support and therapeutic services to improve family functioning and stability. Services are family-focused and are designed to maintain children safely in their homes, prevent the unnecessary separation of families, and are offered as a safe alternative to out-of-home placement.

Providers of PSSF Family Preservation services <u>are required</u> to coordinate services with DFCS and other agencies including mental health, substance abuse, education, child care, and employment services to provide families a comprehensive continuum of community-based supports, interventions and follow-up services responsive to individual and family needs. Services may be offered to families referred by DFCS, juvenile or family court, who are in crisis or at-risk of having a child removed from their home.

PSSF Family Preservation services may also be provided to support families post-

reunification to help prevent placement disruption.

#### FPS – STR (873-B) Information

Substance Abuse Family and Recovery Support services provide substance abuse treatment and support services to parents with a child custody or deprivation case where substance abuse treatment, random substance abuse drug screenings and sustained abstinence are required to prevent abandonment and/or maltreatment, removal of the child from the home or as a condition for reunification. Services are community-based and should provide a full continuum of prevention, treatment intervention, and post-treatment support services to substance abusing women with young children and their families to facilitate the maintenance of safe and drug-free households. Service Duration is 3-12 months.

Referral sources include a variety of community-based sources including DFCS Family Support, Family Preservation, or Placement Services or Juvenile, Family or Drug Court.

#### FPS – RCS (873-G) Information

Relative Caregiver Support services offer a comprehensive array of support services to grandparents and relative caregivers that are the primary caregivers of children other than their own. Relatives are the preferred resource for children who must be removed from their birth parents because placement with relatives increases stability and safety as well as helps to maintain family connections and cultural traditions.

Services for relative caregivers, often grandparents, should consider that kin are likely to be single, in poorer health, and financially less secure than non-relative caregivers, while children in their care are generally younger and often need special services.

These families generally receive few economic supports and are less likely to be aware of services available to them. In addition, they may not have support from extended

family, peers, or the community in general.

These services are designed to:

- Promote permanency and child well-being by supporting early and stable relative placements
- Prevent children from coming into or re-entering foster care by improving caretaker and family functioning
- Increase parenting knowledge and demonstrated ability of the caretaker to apply the skills learned and increase decision-making or problem-solving skills of the caretaker
- Increase access to and utilization of community-based supports and services.

Family mediation or counseling is also often needed to assist caregivers and birth parents in resolving conflicts, easing the difficulties of parenting a relative's child, and achieving a permanent plan for the child.

Service duration is 3-12 months.

Referral sources include a variety of community-based referral sources including DFCS Family Support or Family Preservation or Placement Services, and Juvenile Court

#### PPS – Placement Prevention Services (873-P)

Placement Prevention Services (PPS) offer short-term home- and/or center-based services to children and families with DFCS involvement where children are still in parental custody. These services are provided as a part of a family's safety and/or CPS case plan designed to safely maintain children in their homes and/or prevent unnecessary placement into foster care. Service duration is 6-9 months.

Referral sources include DFCS Family Preservation, DFCS Placement Services, Juvenile, Family or Drug Court

#### CIS - Crisis Intervention Services (873-I)

**Crisis Intervention Services (CIS)** are designed to support families in crisis where children are at imminent risk of placement. **Crisis Intervention Services** utilize a range of research-based and therapeutic interventions, including family counseling, and cognitive/behavioral therapy for biological, foster, and adoptive families to help remove barriers to family stability and restore family functioning. <u>Service duration is 3-6 months.</u>

Referral sources include DFCS Family Preservation or Placement Services, Juvenile Court.

#### RAC - Residential After-Care (873-R)

Residential After-Care (RAC) services support children and families reunifying from foster care. These include children returning home from temporary shelters, residential treatment or therapeutic foster home settings, and their families with an open Family Preservation or Placement case, prior to or post change in placement. After-care services are available to families <u>2-3 months pre-discharge and 6-9 months post-discharge</u> and are designed to sustain treatment outcomes and prevent placement disruption.

Referral sources include DFCS Family Preservation or Placement Services, Juvenile or Family Court.

**COSTAR Reporting:** Reported client is either the head of the family unit or may be the child in care. "Count each client or family once per program."

**Key Program or Eligibility Requirement:** PSSF Vendors have been approved and contracted through a statewide bid process. A contract for all approved vendors has

been fully executed and is on file with the county department. Client referrals to PSSF Vendor Services are made by completing Referral Form # RF10.12 (Form attached). The referral form and a listing of approved PSSF Vendors can be accessed on line at <a href="http://inservices.org/www.pssfnet.com">www.pssfnet.com</a>, on the FFS Website at <a href="http://inservices.org/

109.875 UAS Code: 874 – Limited to Purchase of PSSF Vendor Services (New January 2005)

Program Name: Cash Match Promoting Safe and Stable Families (PSSF)

Program – Family Support Services

NOTE: Fiscal year spending period for these federal funds is October 1<sup>st</sup> through September 30<sup>th</sup>. Final expenditures must be paid on or before September 15<sup>th</sup>.

**Program Purpose**: PSSF Family Support services are community-based prevention and early intervention services designed to prevent and reduce the risk of child maltreatment by promoting the well-being of the entire family. PSSF Family Support services also include community and faith-based services to strengthen marriages and promote effective co-parenting relationships.

PSSF Family Support services promote healthy development by helping parents to enhance their strengths and resolve problems that can lead to child maltreatment, developmental delays, and family disruption. All services are designed to build on existing family strengths, increase the stability of families, increase parental confidence and competence, increase protective capacities, and enhance overall family functioning to prevent initial or repeat child abuse and neglect and to ensure child safety.

**Target Populations:** Families referred for PSSF Family Support services face multiple challenges such as generational poverty, little or no support system, unemployment due to lack of skills or education, inadequate/affordable/stable housing, truancy, domestic violence, substance abuse or mental illness. Families can also be referred for healthy marriage/relationship/co- parenting classes, or include families/caregivers with children ages 0-5, including pregnant and parenting teens.

#### PEI - Prevention and Early Intervention Services (874-E)

**Prevention and Early Intervention** services are voluntary, short-term, in-home, or center-based family supports, and services offered to help families identify and address problematic family issues <u>before CPS</u> intervention is required.

#### HVS – HVS (874-V) Information

**Home Visitation Services** are voluntary, in-home support and educational services designed to enhance parental capacity to care for children, strengthen parent/child relationships and help families identify and access community resources. Home visiting programs offer a variety of family-focused services to expectant parents and families with new babies and young children. They address issues such as maternal and child health, positive parenting practices, safe home environments, and access to services.

Services utilize an evidence-based home visitation practice model to support positive parent-child relationships, promote optimal child health and development, enhance parental self-sufficiency, ensure safe home environments, and prevent child abuse and neglect.

Services are offered to a variety of at-risk families with children ages 0-5 who are referred by hospitals, schools, or other community-based screening processes, or *referred by DFCS* to provide prevention-oriented assistance to isolated families to prevent CPS intervention. Service duration is 3-12 months.

#### HMI – Healthy Relationship/Co-Parenting (874-M)

PSSF Healthy Relationship & Co-Parenting services teach skills to help couples communicate better, manage their emotions more effectively when they disagree and be better parents for their children. Skills that help parents work cooperatively should

also increase voluntary paternity establishment for children. Even when couples are unable to sustain a healthy marriage, parents who can work together are more likely to agree to fair support orders and to provide financial and emotional support for their children.

PSSF Healthy Relationship & Co-Parenting services are designed for families referred for healthy marriage/relationship/co-parenting classes to strengthen and promote stable and life-long parental or co-parenting relationships. Services should teach couples how to build and maintain healthy partnerships, identify, and manage stress that threatens relationships, and promote and support co-parenting.

#### SHY - Supports/Services for Homeless Youth & Families (874-H)

The purpose of PSSF Supports and Services for Homeless Youth & Families is to provide supportive services to help unaccompanied homeless youth transition to independent living and become self-sufficient.

Services should ensure that individuals are engaged in the process to understand their needs, identify their goals, and create a plan for achieving those goals. PSSF Supports and Services for Homeless Youth & Families focus on developing skills and identifying resources necessary to secure and maintain a safe and stable living environment. Services also focus on developing relationships and building supportive networks in the community.

**COSTAR Reporting:** Reported client is either the head of the family unit or may be the child in care. "Count each client or family once per program."

109.883 UAS Code: 883 Limited to Purchase of PSSF Vendor Services (January 2005)

Program Name: Cash Match Promoting Safe and Promoting Safe and Stable Families (PSSF) Program Family Reunification Services

NOTE: Fiscal year spending period for these federal funds is October 1st through September 30th. Final expenditures must be paid on or before September 15th.

**Program Purpose**: Safe family reunification is the preferred permanency planning option for all children in state of Georgia custody. Efforts to assure safe and permanent reunifications for children are complicated because of the strict time frames set forth in the Adoption and Safe Families Act (ASFA) of 1997 and the complex and interrelated problems many families experience such as substance abuse, domestic violence and mental illness. The degree to which families are effectively reunited is largely dependent upon the ability to connect families with timely, intensive, and responsive supports and services the first 15 months children are in foster care and post-reunification.

**PSSF Family Reunification** services are time-limited, intensive support services provided to a child with a plan of safe, appropriate, and timely reunification and to the parents or primary caregiver of the child. These services may be provided to children during the first fifteen months that the child is in foster care to expedite reunification, and after the child returns from foster care to sustain permanency.

## CFA-Family and Child Advocacy (883-C)

Child and Family Advocacy (CFA) services provide supports to children and their families to promote and sustain reunification or other permanency options such as adoption or legal guardianship. Providers of CFA services work in collaboration with

DFCS and the Courts first and foremost to ensure that children are safe, and families receive the timely and responsive services, minimize the trauma of out-of-home placement, and prevent placement disruptions. These advocacy services ensure that the needs of children are met, families receive supports necessary so that children who must be removed from the home maintain connections to their families and communities, achieve permanency as quickly as possible, and prevent a subsequent removal after reunification.

CFA services may also help to ensure that children involved in deprivation proceedings are appointed representation, Court-Appointed Special Advocates (CASA) or Guardian ad Litem (GAL) to support and advocate for timely permanency decisions that are in the best interest of the child.

Target population includes children entering or in foster care or other temporary placement, and their families.

#### **SFV-Supervised Family Visitation (883-F)**

Supervised Family Visitation (SFV) Children in out-of-home placement have the right to continued relationships with their family of origin, extended family, and others with whom they have had meaningful relationships, unless prohibited for reasons of safety. Likewise, parents of children in care have the right and responsibility to maintain regularly scheduled visits and other contacts with their children unless prohibited by the court for compelling reasons.

Family visitation centers provide increased opportunities for children in foster care to visit with their families in less restrictive, non-threatening environments. These community-based visitation centers are designed with a working parent's schedule in mind and should increase the frequency and quality of interactions between parents and

children and children and their siblings and other significant adults.

Successful family reunification is based, in part, on the family or primary caregiver demonstrating an understanding of the child's needs and competency to meet those identified needs during observed visits. Services are designed to establish or sustain parent-child and sibling relationships and facilitate the achievement of reunification case plan goals.

Target populations include children in foster or relative care with a reunification or an alternative permanency plan and their parents(s), caregivers, relatives or other extended family members, or siblings who have been placed in separate foster homes.

**Target Population:** Families mandated by DFCS CPS, Placement Services, or the Courts to undergo substance abuse treatment as condition of family reunification.

**COSTAR Reporting:** Reported client is either the head of the family unit or may be the child in care. "Count each client or family once per program."

**Key Program or Eligibility Requirement**: PSSF Vendors have been approved through a statewide bid process. A contract for all approved vendors will have been fully executed. Client referrals to PSSF Vendor Services are made by completing Referral Form # RF10.12 (Form Attached). The referral form and a listing of approved PSSF Vendors can be accessed on line at <a href="www.pssfnet.com">www.pssfnet.com</a>, on the FFS Website at <a href="http://167.193.156.254/FFS">http://167.193.156.254/FFS</a> or refer to the current PSSF Family Service Resource Guide. Eligibility requirements differ by entitlement code.

### PRS - Parent Reunification Services (883-S)

PSSF Parent Reunification services are designed to assist caregivers in their efforts to

address behaviors resulted in the placement of their children in foster care, the conditions set forth in their case plans for their return to the home and help them prepare for the return of the children to the home. Safe and stable reunification does not begin or end with the return of the children to the care of their parents.

PSSF Parent Reunification services include a comprehensive family assessment to identify the complex caregiver needs and develop a service plan to minimize or eliminate risk factors that precipitated removal and increase protective factors to improve the likelihood of a successful reunification. It is important that families' needs are correctly identified, and services target the specific issues that need to be resolved to support a safe and timely reunification.

**Target Population:** Caregivers whose children are in foster or relative/kinship care under court supervision, or Voluntary Kinship with a plan for reunification

**COSTAR Reporting** Reported client is either the head of the family unit or may be the child in care. "Count each client or family once per program."

## 109.884 UAS Code: 884 – Limited to Purchase of PSSF Vendor Services (New January 2005)

Program Name: Promoting Safe and Stable Families Program (PSSF) – Cash Match Adoption Promotion and Post Permanency Services

NOTE: Fiscal year spending period for these federal funds is October 1st through September 30th. Final expenditures must be paid on or before September 15th.

**Program Purpose:** All families need supportive services to prepare for and sustain adoption. Crisis and transition periods can be especially difficult for these families who must also address child welfare-related issues such as separation and loss. Families who adopt children with special needs also face additional challenges which may be compounded by the child's past experiences of child abuse and neglect. PSSF Adoption Promotion and Post-Permanency (APP) services are designed to encourage and support permanency for children through adoption, when adoption is in the best interest of the child, and to prevent disruption post adoption.

Adoption Promotion and Post-Permanency Supports may also provide additional support to facilitate permanency for children through guardianship.

Youth who are nearing the age of emancipation without an identified permanency resource may need additional supports and services to help transition and prepare for the opportunities and challenges of independent adult living. Unemployment, incarceration, homelessness, substance abuse, pregnancy, limited educations, and inadequate health care are all obstacles that can impair the transition to adulthood. Transition and Emancipation Support services help these youth develop skills for independent living and establish meaningful adult connections while simultaneously

working toward achieving permanency through reunification, adoption, or guardianship.

### **APS - Adoption Promotion and Permanency Support**

PSSF Adoption Promotion and Permanency Support (APS) services are designed to assist children and families prior to, during and after adoptive placement. Services may be delivered to both birth, foster and adoptive families and are designed to help facilitate and expedite the adoption process, support birth/foster/adoptive families throughout the adoption process and provide post adoption support services to help prevent disruption.

### Target Populations:

- Birth parent(s)
- Foster/adoptive children and youth
- Foster families
- Pre-adoptive and adoptive families
- Relative caregivers\* (See notes below on this special population)

### **Adoption Promotion and Permanency Support (884-A)**

Adoption Promotion and Post-Permanency Support (APS) services are provided to families to facilitate and support permanency for children through adoption or other permanency options such as legal guardianship, to prevent disruption or dissolution of those relationships. APS services are designed to promote and assist children and families prior to, during and after adoptive placement or guardianship. Services may be delivered to birth, foster, relative or adoptive families and are designed to support families throughout the adoption and/or guardianship process and provide post-permanency support services.

Target populations include foster/adoptive children and youth, particularly those with

special needs; foster, pre-adoptive and adoptive parents; and relative caregivers.

Adoption Promotion and Post-Permanency Support services must be delivered at a minimum by a bachelor's level professional or supervised paraprofessionals who are qualified by education, training, and experience to work with the target population.

Service duration is 3-6 months pre- adoption or guardianship and 3-6 months post-adoption or guardianship.

### **TES - Transition and Emancipation Support (884-T)**

**Transition and Emancipation Support (TES)** services are designed to help foster care youth ages 16-21 years of age prepare for legal emancipation from the foster care system and to equip them with the life skills, educational and career planning supports necessary to support successful transition to independent adult living.

Target population includes youth ages 16-21 preparing for emancipation from foster care and may include young adults with low IQ's.

Services must be delivered at a minimum by a bachelor's level professional or supervised paraprofessionals who are qualified by education and training to work with the target population and experience working with adolescents. Service providers must be knowledgeable of and collaborate with DFCS and other community- and faith-based agencies to ensure youth access to the array of supports and services needed to meet case plan goals.

Service duration is 6-9 months before exiting foster care and/or 6-9 months postpermanency or emancipation, not to exceed 12 months.

COSTAR Reporting: Reported client is either the head of the family unit or may be

the child in care. "Count each client or family once per program."

**Key Program or Eligibility Requirements**: PSSF Vendors have been approved through a statewide bid process. A contract for all approved vendors has been fully executed. Client referrals to PSSF Vendor Services are made by completing Referral Form # RF10.12 – See Appendix A. The referral form and a listing of approved PSSF Vendors can be accessed on line at <a href="http://167.193.156.254/FFS"><u>www.pssfnet.com</u></a>, on the FFS Website at <a href="http://167.193.156.254/FFS"><u>http://167.193.156.254/FFS</u></a> or refer to the current PSSF Family Service Resource Guide.

# **UAS Code: 873 – 884 - Proper Procedures for Making the Payments**

 Key in information from the invoice into the Child Welfare Transaction File. If due to the new Entitlement Code structure, you will have more than 4 different entitlement codes, you will need to break it up onto 2 screens (see below for SMILE screen prints for example)

NOTE: Do not start a CW transaction screen with the "00" or "r" codes, they need to follow directly below the service codes.

- 884XX Total Service Cost
- 884XX Total Service Cost
- 884XX Total Service Cost
- 88400 Contractor's Match amount (25%) as positive amount
- 884r Contractor's Match amount (25%) as negative amount
- 2. Total amount on screen(s) should equal Total Service Cost.
- 3. Amount of check should be 75% of Total Service Cost.
- 4. Month-end General Journal Entry:
  - DR 880.4XX Local Contractor's Match Expense (25%) amount
  - CR 422.8XX C/M Revenue PSSF for the same 25% amount
- Month-end Reconciliation

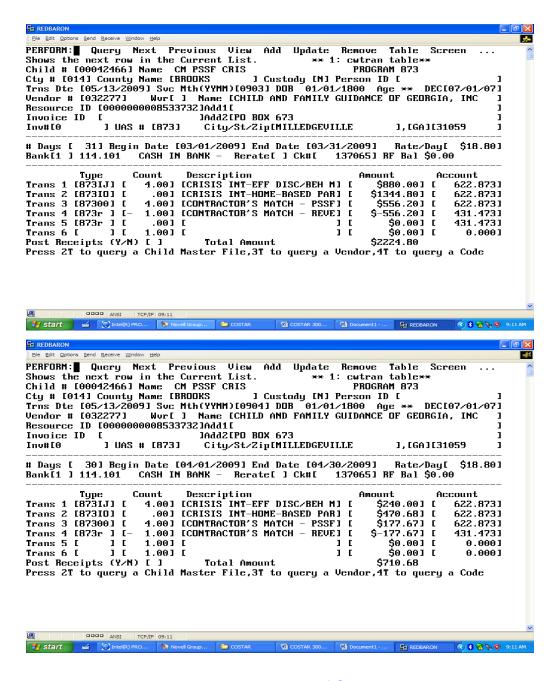

Calculate 25% of YTD Expenses on Department Statement for Program 8XX. Should agree with YTD Expenses on Department Statement for Program 4XX

NOTE: The 473 – 484 Department Statements Excess Revenue over Expenditures should always be "0.00" once the GJE's have been completed).

### **SMILE Child Welfare Screen Prints of CM PSSF Entries**

In this example, you can see that there were 5 entitlement code combinations, so they broke it up into 2 separate screens each one having the 87300 and the 873r.

# **SMILE General Ledger Screen Prints of CM PSSF Entries**

Using the example above,

Your 622.873 is the 100% expenditures of \$2935.48

Your 422.473 is the 25% share of expenditures \$733.87

Producing a check on the General Ledger page for:

Difference between 100% expenditures less 25% share for \$2201.61 for the CM PSSF programs

Plus 240.00 for CCFA Wrap Around

Plus 265.00 for Early Intervention

Giving you a total check of \$2706.61
